Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Wednesday 08 Dec 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Showers continuing for many overnight, but drier on Thursday.

This Evening and Tonight:
Frequent heavy showers merging into longer spells of rain at times in southern areas this evening. Drier periods overnight, especially across much of Cumbria and north Lancashire and turning locally frosty here. Staying windy in coastal regions, otherwise winds easing. Minimum temperature 0 deg C (32 deg F).

Thursday:
A few showers at first, but most places becoming dry during the morning. Some sunshine for a time, then clouding over with further rain arriving by early evening. Lighter winds. Maximum temperature 8 deg C (46 deg F).

Outlook for Friday to Sunday:
Breezy with sunshine and showers on Friday. Cold at first on Saturday, but turning mild and cloudy with rain arriving. Staying mild on Sunday with light rain/drizzle in places.
